Section 270.11, Florida Statutes, requires all contracts and deeds for sales of land by the Trustees of the Internal Improvement Fund and the State Board of Education of Florida to reserve unto these state agencies undivided three-fourths interest in all the phosphate, minerals and metals that are in, on or under said land and an undivided one-half interest in all the petroleum that is or may be in, on or under said land with the privilege to mine and develop the same.

Senate Bill Number 114 re-enacts this section with several amendments, the last amendment reading as follows:

"... provided further; that the Trustees of the Internal Improvement Fund and the State Board of Education shall make no lease or conveyance of any reserved oil and minerals or the privilege to mine and develop the same to other than the record surface owner of the land in which such oil and minerals have been reserved, without the joinder of such record surface owner in such lease or conveyance."

The above portion of the bill is unsound in that it will have the effect of preventing the state agencies who own these oil and mineral reservations from exercising the full advantages of ownership by circumscribing and limiting the manner in which they might wish to deal with their interests. The very fact that no lease or conveyance of these reservations could be made unless the record surface owner consented to join in such an agreement would have the practical effect of giving the record surface owner veto power over the authority of these state agencies to contract concerning these reservations. This requirement could greatly diminish the value of these oil and mineral reservations.

The existing portion of this statutory provision has been administered by the appropriate state agencies through the years in a manner which has taken into account the interest of the record surface owner consistent with the interest of the state. I am not aware of any policies or practices being enforced by these state agencies as to these oil and mineral reservations which could be said to justify the enactment of that particular portion of this Senate Bill to which I make specific objection. I feel that it is in the best interest of the state that the state agencies charged with the responsibility of administering these oil and mineral reservations be permitted to continue to exercise their best judgment in the lease or conveyance of such oil and mineral reservations, without being subjected to the mercy of the record surface owner of the area affected.

Therefore, I am withholding my approval from Senate Bill 114.

Respectfully,
FARRIS BRYANT
Governor

The President put the question: "Shall the Bill pass, the Governor's objections to the contrary notwithstanding?"

Upon the passage of Senate Bill No. 114 (1963 Regular Session) the roll was called and the vote was:

Yeas—17.

Barron	Davis	Mathews	Whitaker
Boyd	Friday	Pearce	Young
Clarke	Henderson	Pope

Cross	Mapoles	Tucker	

Nays—21.
